EDUCATION

Bachelor of Technology

DNR College of Engineering and Technology

08/2019 - 06/2023

CGPA 7.23

Courses

- Computer Science Engineering

Board of Intermediate

Sri Chaitanya Junior College

06/2017 - 04/2019

CGPA 9.82

Courses

- MPC

SSC

SKP & TVR Municipal High School

06/2016 - 04/2017

CGPA 8.8

Courses

- 10th

INTERNSHIP EXPERIENCE

Web Developer

1Stop

08/2022 - 09/2022

SKILLS

Communication Skills

Programming Skills

Problem Solving Skills

PERSONAL PROJECTS

Density Based Smart Traffic Control System Using Canny Edge Detection Algorithm

- In this project we have created an application for controlling the traffic in a smarter way using Canny Edge Detection algorithm. In this project we need to calculate the density of the traffic congestion available on a road side and based on that we are allocating required green signal time for clearing the traffic ..

TECHNICAL SKILLS

Java Programming

I have good knowledge in java programming with good problem solving skills.

Python Programming

I have good knowledge in Python programming with good problem solving skills.

Structured Query Language

I have basic knowledge in SQL language

HTML

I have basic knowledge in HTML language.

LANGUAGES

English

Full Professional Proficiency

Telugu

Native or Bilingual Proficiency

INTERESTS

Playing Cricket

Browsing Internet

Learning new things
